

Certificate III in Data and Voice Communications

Full Time Apprenticeship

Geraldton

About us:

ATC Work Smart in partnership with host employers across all industries and disciplines engage, inspire and develop the next generation of skilled tradesmen and women. We have been supporting trainees and apprentices for over 35 years and understand how to help you achieve success.

Why an apprenticeship?

An apprenticeship opens the door for you to become a tradesman. "Tradies" get the best of both worlds learning the theory behind their trade but spend most of their time getting real hands-on experience in the field, no sitting around in classrooms. Tradies are considered to be professionals with a high level of both practical and theoretical knowledge of their trade.

During your apprenticeship you will:

- earn a wage while you train
- learn on the job skills combined with off the job training
- receive a nationally recognised qualification on successful completion
- start a valuable step towards a rewarding career path
- have job security when you are qualified

The role:

Our Apprenticeship encompasses a diverse range of specialist electronics systems. The successful applicant will be trained and mentored with the support of experienced Engineers and Technicians, whilst undertaking a nationally accredited qualification. This is a hands-on position and requires someone who has enthusiasm for electronics and IT.

The ideal candidate should have a positive attitude, good problem-solving skills and take pride in their workmanship.

Certificate III in Data and Voice Communications provides qualifications in multiple technical areas including:

- Electronics
- Structured Cabling and Fibre Optics
- Design and construct IP & Wireless Networks
- Intruder Alarm and CCTV systems

Duties Include:

- Installation, maintenance and configuration of a wide range of technology including Intruder Alarms, CCTV, Nurse Call, Audio/Visual, Access Control, Automatic Doors and Gates, Fibre Optics, RF Networks, WIFI Links and Data & Communications
- Technical troubleshooting
- Providing excellence in customer service
- Organisation and assembly of parts for jobs
- Equipment maintenance and general cleaning

On offer to employees:

- Full time hours with possible over time and allowances paid.
- Comprehensive work and learning experiences on and off site.
- Specialised on-going mentoring from industry trained professionals.
- Employee assistance program.

About you:

The successful applicants will have:

- A keenness in all things computing and IT
- Enjoy technical, electronics and engineering activities
- Quick learner and capable of using hand and power tools
- Reliable and punctual and ability to follow plans and instructions
- Must be able to pass a Drug and Alcohol screen
- Police Clearance
- Manual Drivers Licence, highly desirable but not essential

How to apply:

Please submit the following:

- A **cover letter** briefly describing why you are interested in this role
- A **current resume** outlining your education, skills, knowledge and experience

Applications are welcome via email to positions@atcworksmart.com.au or enquiries can be made to [\(08\) 6819 5300](tel:0868195300).

All enquiries and applications will be handled in strict confidence.

ATC Work Smart is an Equal Opportunity Employer and is committed to building a workplace culture that values diversity and inclusion.

To be eligible for an apprenticeship or traineeship you must be an Australian Citizen or Permanent Resident
